

REC/DDUGJY//2016-17/ 570

Date: 05.07.2016

The Managing Director,
Madhyanchal Vidyut Vitran Nigam Limited,
Head Office 4-A, Gokhale Marg,
Lucknow-226 001

Sub: Installation of Sign Boards in the un-electrified villages under DDUGJY.

Sir,

You are well aware that DeenDayal Upadhyaya Gram Jyoti Yojana (DDUGJY) is a flagship programme of Govt. of India under which rural electrification works, Metering, System strengthening & feeder segregation works are being taken up in rural areas of the country.

Ministry of Power, vide letter dated 28.04.2016, have intimated that display of work being done under DDUGJY scheme is a pro-active measure in transparency & accountability and also in line with the spirit of Panchayati Raj Institutions. This pro-active disclosure also helps in monitoring of works by the public at large, who are the ultimate beneficiary of the programme. The expenditure on sign board may be borne out of contingencies inbuilt in the estimate of the works (copy of the letter is enclosed as **Annexure-I** for your ready reference).

Besides, Standard Bidding Documents for projects sanctioned under XII plan & DDUGJY, also indicate that State Power Utilities shall ensure to install sign board in un-electrified villages which have been electrified under the scheme. The sign board may be erected at a suitable location preferably near Sarpanch office/Gram Panchayat or any prominent location in the village.

In view of above, it is requested to advice the officers concerned to arrange to install sign boards in 852 un-electrified villages as on 31.03.2015 in MVNL projects. A template of sign board to be installed alongwith specifications is enclosed herewith as **Annexure-II**.

Yours faithfully,

(Dr. Dinesh Arora, IAS)
Executive Director
