

No.F.44/8/2016-RE
Government of India
Ministry of Power

New Delhi the 22nd April, 2016
28

Office Memorandum

The undersigned is directed to say that display of work being done under Government of India's Schemes is a pro-active measure in transparency and accountability and is also in line with the spirit of Panchayati Raj Institutions. This pro-active disclosure also helps in monitoring of works by the public at large who are the ultimate beneficiary of the programmes.

Hence for DDUGJY & IPDS, designing of the board and its placement at work site giving details like scheme name, amount sanctioned, scope of work, date of award, likely completion, name of contractor, name of supervisory officials etc. should be taken up on priority by all DISCOMS/Implementing agencies.

A

It is, therefore, requested that the respective nodal agencies (i.e. REC and PFC) may prepare designs of board and get them approved by this Ministry before sharing with States/Discoms. Expenditure on board should be borne out of contingencies in-built in the estimates of works.

Action taken in this regard may please be intimated to the Ministry.
