Dated: 12th August, 2016

To

Managing Director,
Uttarakhand Power Corporation Limited,
Gabar Singh Bhawan, Kanwali Road, Dehradun-248006

Dear Sir

It is glad to inform that with your great support and cooperation, 10,000+ villages have been electrified in less than 500 days under UE Mission. As the nation is committed to electrify each and every households. We have to move further for special monitoring of household electrification. In this regard, REC has already stated to extend the scope of GARV App from UE village to intensification of all 6 lakh villages. The portal is under development. We have to upload village-wise, habitation-wise household data based on XII plan DPR. Since the data was a bit old. Hence, it needs revalidation from the DISCOMs. We can also involve PMA for revalidation of the data. REC has already discussed with all PMA and demonstrated the web portal including the process of revalidation of data. PMA has assured to revalidation the data within two week time.

Therefore, it is requested that the necessary instructions may please be issued to all PMA to revalidate the data on priority basis. However, if any issue they face during the revalidation, they may contact directly to Shri R. K. Gupta, Additional General Manager, REC. (Contact no. 9899899318)

Thanking you,

Yours sincerely

(Dr. Dinesh Arora), IAS
Executive Director (DDUGJY)
